**TOWN OF MEEKER  
INVITATION TO BID**

**PUBLIC NOTICE**

**INVITATION TO BID**

**Motor Grader**

**Closing Date: January 2, 2025**

Notice is hereby given of the invitation to bid on the Town of Meeker's purchase of a Public Works Motor Grader to be delivered no later than January 15<sup>th</sup> 2025 to the Town Maintenance Shop at 111 3<sup>rd</sup> Street in Meeker, Colorado. Bid Specifications can be found at [townofmeeker.org](http://townofmeeker.org) or at Town Hall, 345 Market Street in Meeker, CO 81641.

Bids will be accepted until Thursday, January 2<sup>nd</sup> 2025 at 3:00 pm at which time bids will be opened and read aloud at Meeker Town Hall, 345 Market Street in Meeker, CO 81641. Bids will be awarded by the Board of Trustees at their regularly scheduled meeting on Tuesday, January 7<sup>th</sup> 2025 at 7:00 pm. The Town reserves the right to reject or accept any and all bids. Each proposal shall be reviewed and considered consistent with the provisions of the Town of Meeker Personnel Policy and Procedures Manual.

Bids may be submitted online at [bidnetdirect.com/Colorado/townofmeeker](http://bidnetdirect.com/Colorado/townofmeeker) or mailed or hand delivered to 345 Market Street, Meeker, CO 81641 as sealed bids and must be labeled "Meeker 2025 Motor Grader". For more information contact Tobey Willey, Public Works Superintendent at 970-942-7554 or Mandi Etheridge, Town Administrator at 970-878-5344.

## **BID SPECIFICATIONS**

### Motor Grader

#### **GENERAL**

These specifications shall be construed as the minimum acceptable standards for a medium duty 4WD motor grader. Should the manufacturer's current production data or specifications exceed these standards, the manufacturer's standards shall be considered minimum and shall be furnished. All integral parts not specifically mentioned in the scope of these specifications that are necessary to provide a complete working unit shall be furnished. Additionally, the machine offered for bid shall include all standard manufacturers' equipment. The motor grader must be a new current production model and shall meet all EPA and other applicable standards at the time of manufacturer.

The use of specific names or numbers in the specifications is not intended to restrict the bidder or any seller or manufacturer but is intended solely for the purpose of indicating the type, size, and quality of equipment considered best adapted to the uses of the Town.

#### **BID SUBMITTAL FORM**

Each bidder must be submitted on the Bid Submittal Form included in the invitation to bid package. All written warranties to be submitted shall be attached to the Bid Submittal Form.

#### **TRADE-IN**

Bidder may offer a trade-in amount for the Town's current motor grader, a 1986 John Deere 570B. If a trade-in is accepted with the bid award, bidder shall accept possession of the current motor grader at the time of delivery of the new motor grader.

#### **BID PRICE**

The Bid Price shall include all destination charges, delivery charges, title fees, rebates and all other applicable costs, refunds and trade-in value if applicable.

#### **MANUALS**

Motor Grader shall include one (1) copy of the operator's manual, one (1) copy of the repair manual and one (1) copy of the current parts manual. Unit will not be accepted for delivery until the manuals as outlined above are received by the purchaser.

#### **WARRANTY**

Bidder shall submit a copy of the manufacturer's standard warranty.

#### **ENGINE**

Engine shall allow for at least 1000 hours of operation between oil changes. Engine shall develop a rated net flywheel of at least 139 HP in 1st gear, 143 HP in 2nd gear, 148 HP in 3rd gear, 160 HP in 4th gear, and 165 HP in gears 5 through 8.

#### **STARTING SYSTEM**

Motor Grader shall be equipped with a Heavy Duty Starter with 150-amp alternator.

#### **FINAL DRIVE**

Manual Differential Lock / Unlock shall be operator controlled, via a push-button, located on a single, 3-axis, multi-function, right-hand joystick control.

### **TRANSMISSION**

Motor Grader shall include:

- Shift on-the-go, full power shifting as well as inching capability and direct drive
- Eight speeds forward and Six speeds reverse
- Low effort inching pedal
- Electronic Throttle Control (cruise control) controlled by a push button, located on a 3-axis joystick as standard on the right joystick control for resuming and decreasing throttle set.

### **BLADES**

The moldboard shall be 12' x 24" x 7/8" with hydraulic power tilt, hydraulic power side shift and replaceable end bit.

### **STEERING**

The motor grader shall have a joystick hydraulic steering system. An articulation return-to-center button on the 3- axis joystick shall return the machine to a straight frame position from any articulation angle with the touch of a single button.

### **TIRES**

A 10 in (25.4 cm) by 24 in (60.96 cm) size 3-piece tire rim shall be available to provide mounting for 14.00R24 conventional tires.

### **BRAKES**

Machine shall have individual brake pads for each rear wheel, located at each rear wheel inside the tandem box, independent of tandem chains.

### **SERVICE CAPABILITIES**

Motor Grader shall include:

- 24/7 wireless uplink capability with location, utilization, dashboard alerts, fuel consumption, diagnostic codes, hours, etc.
- Quick service bank for transmission, hydraulic, engine oil, and engine coolant fluid changes
- Fluid sampling ports for engine oil and coolant, hydraulic, axle and transmission oil

### **OIL ANALYSIS**

To be included at no cost for the duration of the purchased warranty period at intervals recommended by the manufacturer's warranty and maintenance schedule.
